

SAVIDGE UNIVERSAL TYPE VALVE LATHE

For Any Valves, Steel or Iron Heads

Capacity—Valves with 45 or 30 degree heads up to 2½" diameter and ⅞" stems.

A simple, rugged, accurate efficient and quick lathe with that real lathe action so necessary for valves with steel heads.

Quicker and more accurate than a machine lathe because self-centering and

its angles accurately fixed—no guess work.

Assures a perfect concentric fit and saves valve grinding.

To operate—turn the valve with the crank while operating the feed screw with the left hand.

List Price, Complete with High Speed Steel Cutter, ready to use.....\$12.00

List Price, Extra Cutter..... 1.20

SAVIDGE JUNIOR TYPE VALVE LATHE

For "Ford" valves and other valves with 45 degree cast iron heads up to 1¾" and ⅞" stems.

Light compact and cuts quickly and easily.

It is easily clamped in vise or held in one hand when operated.

It does not require a machinist to operate and it takes labor out of seating valves.

Ideal equipment for Ford repair shops. Does the work quicker and easier than any other method.

List Price, Complete with High Speed Cutter, ready to use.....\$3.75

List Price, Extra Cutter..... 1.00

SAVIDGE SAFETY REAMER SET

Savidge Reamers are constructed on the plane principally. The reamer block is equipped with a high speed steel cutter which does perfect work indefinitely, but is removable and may be resharpened on an oil stone and readjusted with the cutter adjusting screw.

Reamer blocks are hardened and accurately ground, cutters are set at proper position and the tool tested before leaving the factory. Guide stems are interchangeable and shoulder on the ground surface of the reamer block to insure accuracy.

The above set includes handle stem with T bar, ⅞", ⅝" and ⅜" guide stems; 1½", 1⅜", 2, 2½" and 2¾" reamer blocks with high speed cutters ready to use. It will handle practically all jobs coming into the average repair shop.

List Price, including attractive wooden box.....\$20.00

SAVIDGE JUNIOR SAFETY REAMER

Takes the labor out of Ford and Fordson valve work, constructed of same grade of material and workmanship as our Safety Reamer set.

List Price, in carton.....\$2.25

List Price, extra Cutter..... .60

SAVIDGE SAFETY REAMER BLOCKS, GUIDE STEMS AND CUTTERS MAY BE PURCHASED SEPARATELY AS LISTED BELOW.
